⚠⚠ Sandwell has a dangerously high Covid-19 rate compared to other areas in the UK. ⚠⚠

There are a worrying number of cases in people aged 65 and older. These people are more likely to become seriously ill or die if they catch Covid-19

Please stay at home and only leave for essential purposes.

If you have older relatives, please encourage them not to leave home.

## A fantastic message from Lil ❤️ - get your jab

Our very own Lillian Cox – who lost her identical twin sister Doris to Covid-19 – has been vaccinated. She says:

"I am so happy and relieved to finally have had my vaccine 🎊...the whole process was easy and all went smoothly. All the staff were lovely and recognised me and made a fuss which was nice.

[If you receive your vaccine letter please make sure you book your appointment](#), it's so important for the country to get back to some normality and having the vaccine will play a big part in this."

## Baggies legend Graham Williams, now aged 81, has had his Covid-19 vaccination too!

He's urging everyone to do the same when they are offered it. Vaccines are our best defence against the virus.

[The NHS will get in touch when it's your turn to be vaccinated.](#)

### Graham Williams WBA FA Cup winning captain

**“** It was absolutely nothing, there isn't even a mark. Make sure you get your jab as soon as you are invited.

It's really easy and painless – and it's our only way out of this terrible virus.
